FITE is the app that let's you enjoy MMA, professional wrestling, boxing, and traditional martial arts right on the screen of your TV –

when you want to and where you want to. FITE is born out of our passion for fighting sports as well as our frustration of huddling over the small screen. At FITE, we believe that watching fighting shows on the big screen of your TV, or your friend's TV, or any TV that's WiFi connected, should be as simple as switching the TV channel.

So here's FITE, the cross section of entertainment and technology and your home for everything that happens on the mat and between the ropes. Just open the app and it will automatically connect with your smart TV. All you need to do is choose a video and tap play.

FITE is available as a free download from [iTunes](#) and [Google Play](#).
